**If you let us know the precise day, time and place of your arrival (No. of the flight or train and the terminal), we will help you with the transportation across Prague from the airport or railway station to the Institute or to your hotel. According to your information, on Saturday and Sunday, somebody will wait for you at the Airport or train station. Please, at the airport, look for a person with the board „54<sup>th</sup> HEYROVSKY DISCUSSION“ or wait a moment at this board.**

For individual transportation from the airport to the Institute we recommend the Prague public transportation system: **Bus No. 119** (in front of each terminal), goes every cca10 min. up to its final station (Nádraží Veveřská). There is **Metro line A** (green), go to Muzeum station, where you take **the line C** (red) to the station „Ládví“ and walk for about 4 min (see the map above) to the Institute.

One ticket for whole such journey (valid 90 minutes) is for 40 CZK (about 1.70 EUR or 1.90 USD). It is possible to purchase directly inside the bus or tram using credit card.

The only **currency** used in our country "cash" is Czech Crown (CZK)

1 EUR = 23.50 CZK

1 USD = 22.00 CZK

## PROGRAM

Attached is the **program time schedule**, the detailed program will be finished and distributed this week.

## THE ACCOMMODATION IN PRAGUE BEFORE OR AFTER THE MEETING

In Prague, you can find individually many hotels.

In case of interest, I can book for you a room in our University hotel (about 300 m from metro – green line, hence 20 min from the very centrum of Prague) for the night(s) before and/or after the Discussion. As academicians, we have a special rate: about 50 EUR for a double room/night..

If you would have any other questions, please, let me know.
